### **Social Media Club of the Year**

The Social Media Club of the Year award will recognise the top three clubs for their social media content across the last year. The award will be based on the club's online activity throughout the academic year, their creativity and how they have engaged with their members through posting on social media. We will also consider the consistency of content clubs have posted on both their Instagram and Twitter. Evidence of how much engagement your social media accounts have had across the past year is a good way to demonstrate how successful of a year you have had online, including increased followers.

*Forms of evidence to provide:*

- All links to content which you think highlight why the club you are nominating for social media club of the year should win.
- If you have them the engagement stats related to the club's different social media platforms.
- Demonstration of increased followers over all platforms.
